Yvette Brown's Cosmopolitan Connections hosted a "Member Appreciation Event" on Wednesday, May 22, 2013. The event took place at the Veer Towers roof top pool, located above the Las Vegas Strip.

"It was a celebration for Cosmopolitan Connections Inc. winning the title of 'Best Meetup Group in Las Vegas 2013,' out of 737 Las Vegas Meetup Groups," explained Yvette Brown, founder of Cosmopolitan Connections.

According to Yvette, Veer Towers was a great place to hold the event.

“We were lucky enough to be offered to have our celebration at Veer Towers East pool deck with complementary wine, soft drinks and passed hors d’oeuvres by one of our lovely members Karissa Putvin, who is Pordes Residential Sales Executive at Veer Towers,” Yvette stated.

“We thought it would be a fantastic opportunity for our members to check out Veer Towers’ amazing pool, view of Las Vegas Boulevard and also the beautiful luxury show condos inside,” added Yvette.

Yvette gave Jim Navarro, Vice President of Sales at Veer Towers, special thanks.

“Veer Towers has an amazing sales staff and executives who were very helpful throughout the process of getting my event put on there,” Yvette recalled, “and I really thank them and all our guests for making it an amazing night.”

The towers offer a distinctive look that is highly recognizable.

Veer Towers, according to Jim, are “designed by the world-famous Murphy / Jahn Architects of Chicago. The towers lean across each other at a five degree angle, glistening in gold, day and night.” Because of this, “The two 37-story towers stand out from all other condominium projects in Las Vegas.”

The event was a way for Yvette to say “Thank You” to all of her Cosmopolitan connected.

“The event was absolutely amazing and we had a tremendous turnout of professional and beautiful people,” stated Yvette.
